Breed to Compete!

Breeding Policy: We discourage multiple inseminations of a mare within a cycle. We realize that sometimes a mare does not ovulate as expected and may need to be bred a second time. Please be aware however, that priority of semen will be given to mares being inseminated for the first time each cycle. Also, semen cannot be guaranteed for the same mare on a Friday & Saturday due to demand. **If you would like semen on both days you will be put on a waiting list and if extra doses are available you will be notified.** We appreciate your co-operation.

Winbak Farm breeding sheds open February 13, 2008 and will tentatively close July 9, 2008

*****Information subject to change without notice*****
