**BREEDING DATES:** Winbak Farm breeding sheds open February 13<sup>th</sup>, 2023 and close July 7<sup>th</sup>, 2023. **Information subject to change without notice.**

**BREEDING POLICY:** While multiple inseminations of a mare within a cycle is discouraged, it is understood sometimes a mare does not ovulate as expected and may need to be bred a second time. Please be aware priority of semen will be given to mares being inseminated for the first time each cycle. Semen is not guaranteed for the same mare on a Friday and Saturday due to demand. Those requesting semen on both days will be put on a waiting list and if extra doses are available they will be notified. Winbak Farm will make every effort to ship optimum doses of semen but, due to varying levels of demand, there is no guarantee on the quantity of cells available for shipment. No less than proven quantities of cells for practical breeding efforts will be shipped.

**No semen will be shipped without a signed, approved contract.**

**CANCELLATION:** Through no fault of their own, occasionally breeders may need to cancel a booking (due to injury at foaling, death of the mare, etc.). **When this is necessary, please notify the farm immediately.**

## **WINBAK FARM OF CANADA STALLIONS**

**BREEDING DAYS:** Monday, Wednesday and Friday

**ORDERING SEMEN:** It is preferred that all semen requests be phoned or faxed to the farm by 5:00 PM the evening before the breeding day. All orders must be placed or confirmed with a staff member no later than 9:00 AM on the breeding morning. Semen orders may be placed using voicemail outside of office hours. When submitting a semen order request via fax or voicemail, be sure to include the best phone number to contact you for confirmation.

**SEMEN TRANSPORT:** The time for trailer insemination or semen pick-up will be given when the office is called to confirm **Canadian** orders on the breeding morning. Winbak can arrange to have semen delivered to Bax Farms for the breeder's convenience. Air transport (C.O.D VIA Air Canada or Westjet) can be arranged to the breeder's closest airport, including courier service to Pearson International Airport. (Transportation fees will apply)

**A. OVERNIGHT DELIVERY:** Next day delivery can be arranged to most locations in the USA by Federal Express. For U.S. Breeders, please confirm with Federal Express that delivery is available in your area, and that Saturday delivery or pick-up is available in the event it is necessary to ship on a weekend. If there is any doubt about shipping directly from Canada, contact Dan Phillips and he can ship it from Buffalo.

**B. SAME DAY DELIVERY:** Since we cannot directly ship by air from Canada, we recommend using Dan Phillips. He charges independently of Winbak Farm of Canada. The breeder must contact him at (585) 343-5878 in advance to make all necessary arrangements.

### **CHARGES:**
